

**DETAILED ACTION**

Claims 1-12 are pending in the application. Claims 1-12 are allowed.

***Response to Amendment***

The changes to the instant claims have overcome all previously made rejections and objections. The rejections and objections set forth in the office action dated October 21<sup>st</sup>, 2009 have all been withdrawn based on Applicant's amendments and arguments filed January 21<sup>st</sup>, 2010.

The amendment to the claims filed on January 21<sup>st</sup>, 2010 does not comply with the requirements of 37 CFR 1.121(c) because the status of the claims has not been clearly indicated. Furthermore, claims are indicated as previously amended while the claims still contain text with markings.

The Examiner has attached a version of the claim set (as an office action appendix) which proper indicates the correct status of each claim. Claims 5 and 12 are the only claims currently amended. Claims 2, 6, 7, 10 were listed as "previously amended" while still containing marked claim text. These markings were previously made amendments; however, Applicant did not present a clean version of the claim set with the most recent version of the claims. The examiner has removed the marked text in the attached copy of the claim set. Claims 1-4 and 6-11 are therefore labeled as "previously presented" in the attached copy of the claim set since the changes to the claims were presented in the amendments to the claims filed on 10/16/2009.
